Regenerative Medical Group
September 1, 2016 ·
RMG is an innovative group of multifaceted clinicians dedicated to optimizing patient outcomes by individualizing and tailoring treatments to meet each patients needs. All patients are monitored to optimize and enhance the outcome of the numerous treatments offered. RMG has revolutionized the medical field by introducing and applying Stem Cells to all types of therapies. To date we have helped to enhance the lives of patients with Head injuries, Stroke, Arthritis, Parkinson's, COPD, Macular Degeneration, Dementia, Depression, Diabetes and many other illnesses. Rare disorders such as Charcot-Marie-Tooth, Neurofibromatosis, and some Autism are benefitting as well.

Did you know Stem Cell Therapy works for more than just Autism? Check out the other ways you can benefit from Stem Cell Therapy!
http://www.stemcell.life/stem-cell-therapy.html

The screenshot shows a Facebook page for the 'Regenerative Medical Group' (@StemCellinfusion). The page features a blue header with the group name and navigation links like 'Home', 'Find Friends', and 'Contact Us'. The main content area displays several posts:

- A post from July 15, 2016, with the text: "Have questions about our autism therapy? Wondering how it works and what it does? Hear it straight from the doctor's mouth! https://www.youtube.com/watch?v=P4_x9fTtIZE". It includes a video thumbnail of a man in a white coat and a play button icon.
- A comment from a user asking: "What do we need to do to make stem cells available in the U.S. For autism? It's available for other conditions why not autism?".
- A reply from the group: "Regenerative Medical Group Hi [redacted] We actually offer autism therapy in the US: http://www.stemcell.life/autism.html".
- A post from July 16, 2016, with the text: "Autism - Regenerative Medical Group Tel: (949) 346-2355 © 2016 Stemcell.life All Rights Reserved HIPAA Release of Information... STEMCELL LIFE".
- A comment from a user: "Stem cells DO work!!! My friend went to RMG in Port St. Lucie, FL & had infusions for Parkinson's Disease & we have seen positive changes. Wish we had known about this long ago!!!".

The right sidebar contains a 'Contact Us' button, a 'Message' button, and a list of 'Liked by This Page' including 'National Parkinson Foundation', 'Teance Fine Teas', and 'NaturalNews.com'. The bottom of the page shows a Windows taskbar with the Start button, several application icons, and a system tray displaying the time as 7:58 AM on 2/8/2017.

The screenshot shows a Facebook page for the 'Regenerative Medical Group' (@StemCellinfusion). The page features a profile picture with the group's logo and a cover photo of two kidneys with the text 'yes, you can avoid dialysis'. The main content area displays a post from the group dated October 15, 2015, with the text: 'Get your kidney functions back. Regenerate your kidney tissue. Breakthrough solution for kidney diseases patients. Award winning medical group now offers stem cell therapy for chronic kidney diseases. Stem cells replace damaged cells and reverse the symptoms. ... See More'. Below this post is a comment from a user asking about the cost of the treatment, dated April 14, 2016. The page also shows a sidebar with navigation options like 'Home', 'About', 'Photos', etc., and a right-hand column with sponsored posts and a 'Liked by This Page' section listing organizations like the National Parkinson Foundation and Teance Fine Teas. The bottom of the page shows the Windows taskbar with the Start button and several application icons, including Internet Explorer and Google Chrome. The system clock indicates 8:06 AM on 2/8/2017.

To all CKD patients! No matter which stage. We can help you to get rid of CKD symptoms and avoid dialysis. Even if you're already on dialysis, stem cells improve your condition dramatically. Please fill out this survey. Our physicians will review it and if you qualify, we'll contact you.
<http://www.stemcell.life/ckd-questionnaire.html>

Do you have CKD? Stem Cells replace the damaged kidney cells. See if you may qualify.
To determine if you, or your loved one, may qualify for RMG Stem Cell Therapy, it is necessary to ask some medical questions. Please be assured that all information...

You can Avoid Dialysis!
Get your Kidney functions back. See If you qualify for RMG's Stem Cell Therapy Today!
Breakthrough solution for CKD patients. Award winning medical group now offers stem cell therapy for all five stages of chronic kidney disease. Stem cells replace damaged cells. See if you qualify for CKD stem cell therapy:
(This in not a clinical trial)
<http://www.stemcell.life/ckd.html>
Watch the Testimonial of Sharon Quateth:
<https://www.youtube.com/watch?v=JH5PT6NJBM>

Can stem cell therapy help patients with chronic kidney disease?
Yes it can. It can make new cells that replace damaged cells and reverse chronic kidney disease symptoms. RMG offers patients access to chronic kidney disease stem cell therapy using amniotic stem cells. These chronic kidney disease stem cell treatments improve complications in patients with chronic kidney disease. These procedures help patients who don't respond to typical drug treatments, want to reduce their reliance on medication, or are looking to try stem cell therapy before starting a lifelong drug treatment.
See if you qualify for CKD stem cell therapy:
(This in not a clinical trial)
<http://www.stemcell.life/ckd.html>

Yes, you can Avoid Dialysis!

The screenshot shows a Facebook page for the "Regenerative Medical Group" (@StemCellInfusion). The main post, dated April 23, 2015, is titled "Cure for Parkinson's?" and describes a medical breakthrough using amniotic stem cells. It includes a diagram of a brain with labels for "Non-Parkinson's", "Parkinson's", and "Superior colliculus", along with "RMG Stem Cells" and the "RSCTP" logo. The post has 24K reactions and 3,997 shares. A comment from a user asks if their husband would be a good candidate, and a reply from the group provides contact information. The right sidebar shows a "Contact Us" button, a "Message" button, and several posts from other users, including one about a \$11,500.00 stem cell infusion. The bottom of the page shows a "Schedule Appointment - Regenerative Medical" button and a system tray with the date 2/8/2017 and time 8:32 AM.

The screenshot shows a Facebook group page for 'Regenerative Medical Group' (@StemCellinfusion). The page features a navigation menu on the left with options like Home, About, Photos, Reviews, Likes, Videos, Events, Livestream, and Posts. The main content area includes a post from the group dated June 3, 2015, asking for help with a stem cell procedure. Below it is a 'Schedule Appointment' box. Another post from May 22, 2015, discusses Parkinson's disease and stem cell therapy. A photo post from April 16, 2015, features a brain image and the text 'Yes; Damaged Brain Can Be Repaired!'. The right sidebar contains a 'Contact Us' button, a 'Message' button, and several sponsored posts from the National Parkinson Foundation, Teance Fine Teas, and NaturalNews.com. The bottom of the page shows a Windows taskbar with the Start button and several application icons, including Internet Explorer, Regenerative Medi..., and Chrome. The system clock indicates 8:33 AM on 2/8/2017.

The screenshot shows a web browser window displaying the Facebook page for 'Regenerative Medical Group'. The browser's address bar shows the URL 'https://www.facebook.com/StemCellinfusion/'. Regenerative Medical Group added a new photo to the album: Say No to Parkinson's.
March 1, 2015 ·

Say No to Parkinson's today!
What is Parkinson's Disease?
Parkinson's disease (PD) belongs to a group of conditions called motor system disorders, which are the result of the loss of dopamine-producing brain cells. The four primary symptoms of PD are tremor, or trembling in hands, arms, legs, jaw, and face; rigidity, or stiffness of the limbs and trunk; bradykinesia, or slowness of movement; and postural instability, or impaired balance and coordination. As these symptoms b...

Regenerative Medical Group
January 22, 2015 · Orange, CA ·

Meet [redacted] she was blind for four years from wet and dry Macular Degeneration. Her son [redacted] was a previous patient of Regenerative Medical Group, as he received treatment for his knee that caused him pain for over 20 years! After his grand success he shared RMG with his mother on a Friday night over a fish dinner [redacted] describes that she made a decision to see us because she saw hope! Three days after receiving Stem Cell Therapy [redacted] was able to read a letter she received in the mail from her granddaughter thanking her for a previous gift. [redacted] tells us how much her quality of life has improved and we are so happy to have been able to give her and her family the help and hope they deserve!

Call us at (888) 599.7836 to find out if we may also could help you or your loved ones! Stop brainstorming! I Start hoping! The solution is here.
