Mrs. [REDACTED] Thanks for helping!

Recently we experienced one of the **deadliest** years for officers in over **Twenty Years!!**

One **officer is killed** in the line of duty every other day!

With **your help** and generosity we are able to **support thousands of officers** nationwide! I want to thank each of our nation's brave law enforcement officers for their unwavering commitment to the safety and protection of our families! They are **real-life heroes!**

With your help the officers will enjoy the security of these free programs:

- Access to one of the **nation's most ADVANCED** safety training programs.
- **Disabled Officer Grants** - About 150 Law Enforcement Officers are assaulted and 10 are shot at every day. These grants help provide some relief for the officers injured in the line of duty and their families.
- **Survivor Assistance** for the families of officers **killed in the line of duty**. Your support helps DPSF provide financial aid to help the daughters, sons and spouses of fallen officers.

Thanks for your help this year! Your support will help our officers get home safely to their families every night. By helping **you are** making a difference.

All contributions are **directly deposited** into the general operating fund. *Please return your commitment of \$35 today* in the envelope provided.

Sincerely,

-Director

P.S. Don't forget to mail your donation. Your support does make a difference!

Dear Friend,

On behalf of the **Disabled Police and Sheriffs Foundation**, thank you very much for your support.

The **Disabled Police and Sheriffs Foundation** is an independent, nationwide, non-profit organization that receives no government funds. Our primary goal is to prevent officer injury and death by increasing law enforcement officer safety and effectiveness through advanced training. We also **provide assistance to disabled officers** and **provide relief** to families of **officers killed** in the line of duty. Funds, in part, may also be used for General Operations of the Organization. Every day, officers bravely go out to protect our streets knowing an **officer is killed in the line of duty** every other day in our country. **They are truly real-life heroes.**

Some of the programs that we offer FREE of charge to all law enforcement officers include:

- Training programs for departments and officers. Better **training saves lives!**
(We produce our own law enforcement-specific training programs on critical issues and distribute them free to law enforcement officers nationwide.)
- **Assistance to disabled officers**
(Injuries can be both physically and mentally devastating and these officers need our help.)
- **Assistance to the families of officers killed in the line of duty.**
(**The loss of an officer and family member** is always a **tragedy** for both community and family.)

You are supporting an organization that is working toward a **safer life for you and your family.** The Disabled Police and Sheriffs Foundation is a **non-profit, 501(c)(3)** organization and your contributions are **fully tax deductible.** Although our organization's registered address is in St. Genevieve, MO please use the mailing address provided on the payment coupon for a prompt response to any correspondence. We would like to thank Outreach Calling, a paid professional fundraiser, for all their **great work** on this campaign. Our goals are to **help protect police** and law enforcement officers nationwide and to make your **community and neighborhood a safer place to live.**

Once again, thank you for your generous support.

Sincerely,

David Kenik

HOME SECURITY AND SAFETY TIPS

If you are going to be away from home for an extended period of time, make your home appear occupied. Set lights

up on timers so they come on intermittently, leave a radio playing in a location that a potential thief would hear and use motion detector lights outdoors. Turn off the ringer on your phone. Extended period of ringing is a telltale sign of an empty house.

Piled up mail, newspapers and packages are a sure sign of an empty home, but don't stop delivery as you will never know who will get that information. Have a trusted neighbor pick up deliveries and mail for you instead.

Leaving delivery instructions or notes for family members on outside doors tells everyone that you are not home. Make a phone call to them instead.

All exterior doors should have quality locks, deadbolts are best. Also, install extra long security screws in the hinges and latch plates which makes the doors harder to kick open. If you have multiple doors and locks, use them. Don't leave a main door open with only a screen door between your home and a criminal, they keep bugs out, but not burglars. Keep garage doors closed even when you are home.

NEVER open your door for strangers. Talk with them through the door. If they need to make an emergency phone call, keep the door shut and make the call for them.

Thieves look for extra keys outside doors such as atop the door, under floor mats and under potted plants, etc. A better alternative is an electronic combination lock.

Patio doors are an inviting option for entry into your home. A pipe or solid bar placed in the bottom track stops the door from opening and helps keep unwanted visitors from gaining access to your home.

Keeping your drapes and shades open in rooms with valuables is great advertising to a potential thief. Keep drapes and shades closed.

A dog bone or water dish left outside by your door tells unwanted visitors that you have a dog. Most burglars would rather find a house without a noisy dog. It works well even if you don't have a pet.

Cash, jewelry and other valuables out in the open make tempting targets. Keep them locked in a safe and not lying around the house. If you don't have a safe, keep them hidden from prying eyes.
