

**FDA U.S. FOOD & DRUG  
ADMINISTRATION**

## **WARNING LETTER**

Date: June 15, 2020

TO: [info@sovereignlaboratories.com](mailto:info@sovereignlaboratories.com) -- Douglas Wyatt  
[sales@prosovlabs.com](mailto:sales@prosovlabs.com) Sovereign Laboratories, LLC  
301 N. Alamos Drive,  
Cottonwood, AZ 86326-4020

RE: Unapproved and Misbranded Products Related to Coronavirus Disease 2019 (COVID-19)

This is to advise you that the United States Food and Drug Administration (FDA) and the Federal Trade Commission (FTC) reviewed your websites at the Internet addresses [www.prosovlabs.com](http://www.prosovlabs.com) and [www.sovereignlaboratories.com](http://www.sovereignlaboratories.com) on March 30, 2020 and April 7, 2020, respectively. The FDA has observed that your websites offer the products “PRO Vital C-LD®,” “PRO Colostrum-LD®,” “Vital C-LD™,” and “Colostrum-LD®” for sale in the United States and that these products are intended to mitigate, prevent, treat, diagnose, or cure COVID-19<sup>1</sup> in people. Based on our review, these products are unapproved new drugs sold in violation of section 505(a) of the Federal Food, Drug, and Cosmetic Act (FD&C Act), 21 U.S.C. § 355(a). Furthermore, these products are misbranded drugs under section 502 of the FD&C Act, 21 U.S.C. § 352. The introduction or delivery for introduction of these products into interstate commerce is prohibited under sections 301(a) and (d) of the FD&C Act, 21 U.S.C. § 331(a) and (d).

There is currently a global outbreak of respiratory disease caused by a novel coronavirus that has been named “severe acute respiratory syndrome coronavirus 2” (SARS-CoV-2). The disease caused by the virus has been named “Coronavirus Disease 2019” (COVID-19). On January 31, 2020, the Department of Health and Human Services (HHS) issued a declaration of a public health emergency related to COVID-19 and mobilized the Operating Divisions of HHS.<sup>2</sup> In addition, on March 13, 2020, the President declared a national emergency in response to COVID-19.<sup>3</sup> Therefore, FDA is taking urgent measures to protect consumers from certain

---

<sup>1</sup> As explained in the next paragraph, there is currently an outbreak of a respiratory disease named “Coronavirus Disease 2019” (COVID-19).

<sup>2</sup> Secretary of Health and Human Services Alex M Azar, Determination that a Public Health Emergency Exists. Jan. 31, 2020. (Accessible at <https://www.phe.gov/emergency/news/healthactions/phe/Pages/2019-nCoV.aspx>). The declaration was renewed for 90 days on April 21, 2020. Secretary of Health and Human Services Alex M. Azar II, Renewal of Determination that a Public Health Emergency Exists. April 21, 2020. (Accessible at <https://www.phe.gov/emergency/news/healthactions/phe/Pages/covid19-21apr2020.aspx>).

<sup>3</sup> President Donald J. Trump, Proclamation on Declaring a National Emergency Concerning the Novel Coronavirus Disease (COVID-19). Mar. 13, 2020. (Accessible at <https://www.whitehouse.gov/presidential-actions/proclamation-declaring-national-emergency-concerning-novel-coronavirus-disease-covid-19-outbreak/>).

products that, without approval or authorization by FDA, claim to mitigate, prevent, treat, diagnose, or cure COVID-19 in people. As described below, you sell products that are intended to mitigate, prevent, treat, diagnose, or cure COVID-19 in people. We request that you take immediate action to cease the sale of such unapproved and unauthorized products for the mitigation, prevention, treatment, diagnosis, or cure of COVID-19.

Some examples of the claims on your website [www.sovereignlaboratories.com](http://www.sovereignlaboratories.com) that establish the intended use of your vitamin C and colostrum products and misleadingly represent them as safe and/or effective for the treatment or prevention of COVID-19 include:

- Under the heading “Coronavirus Precautions: Best Practices for Preventing Wuhan Coronavirus Infection”: “Get Plenty of Vitamin C ... Vitamin C impacts immune function by ... enhanc[ing] proliferation and differentiation of both T-lymphocytes (T-cells) and B-lymphocytes (B-cells). This stimulates natural killer (NK) cell activity. ...Sovereign Labs developed its oral liposomal vitamin C (Vital C-LD®) with high absorption in mind.” [From a February 2020 blog post at [www.sovereignlaboratories.com/blog/coronavirus-putting-wuhan-coronavirus-perspective/](http://www.sovereignlaboratories.com/blog/coronavirus-putting-wuhan-coronavirus-perspective/). The blog post links to the product page where consumers can purchase Vital C-LD, <https://www.sovereignlaboratories.com/product/VITALC-LD120.html>.]
- Under the heading “Coronavirus Precautions: Best Practices for Preventing Wuhan Coronavirus Infection”: “Don’t Forget Mother’s Nature’s Original Vaccine ...Long before ... vaccines, colostrum from ruminant animals ... was a primary source of both nutrition and immunity.” The blog then lists lactoferrin as one of the “anti-microbial nutrients” in colostrum and asserts that “Lactoferrin ... kills bacteria, viruses, and fungi.” [From a February 2020 blog post at [www.sovereignlaboratories.com/blog/coronavirus-putting-wuhan-coronavirus-perspective/](http://www.sovereignlaboratories.com/blog/coronavirus-putting-wuhan-coronavirus-perspective/). The blog post links to <https://www.sovereignlaboratories.com/category/colostrumsupplements.html>, where consumers can purchase Colostrum-LD and other colostrum products.]

You should take immediate action to correct the violations cited in this letter. This letter is not meant to be an all-inclusive list of violations that exist in connection with your products or operations. It is your responsibility to ensure that the products you sell are in compliance with the FD&C Act and FDA's implementing regulations. We advise you to review your websites, product labels, and other labeling and promotional materials to ensure that you are not misleadingly representing your products for a COVID-19 related use for which they have not been approved by FDA and that you do not make claims that misbrand the products in violation of the FD&C Act. **Within 48 hours, please send an email to [COVID-19-Task-Force-CFSAN@fda.hhs.gov](mailto:COVID-19-Task-Force-CFSAN@fda.hhs.gov)** describing the specific steps you have taken to correct these violations. Include an explanation of each step being taken to prevent the recurrence of violations, as well as copies of related documentation. Failure to immediately correct the violations cited in this letter may result in legal action, including, without limitation, seizure and injunction.

FDA is advising consumers not to purchase or use certain products that have not been approved, cleared, or authorized by FDA and that are being misleadingly represented as safe and/or effective for the treatment or prevention of COVID-19. Your firm will be added to a published list on FDA’s website of firms and websites that have received warning letters from FDA

concerning the sale or distribution of COVID-19 related products in violation of the FD&C Act. This list can be found at <http://www.fda.gov/consumers/health-fraud-scams/fraudulent-coronavirus-disease-covid-19-products>. Once you have taken corrective actions to cease the sale of your unapproved and unauthorized products for the mitigation, prevention, treatment, diagnosis, or cure of COVID-19, and such actions have been confirmed by the FDA, the published list will be updated to indicate that your firm has taken appropriate corrective action.

If you cannot complete corrective action within 48 hours, state the reason for the delay and the time within which you will complete the corrections. If you believe that your products are not in violation of the FD&C Act, include your reasoning and any supporting information for our consideration.

If you are not located in the United States, please note that products that appear to be misbranded or unapproved new drugs are subject to detention and refusal of admission if they are offered for importation into the United States. We may advise the appropriate regulatory officials in the country from which you operate that FDA considers your products referenced above to be unapproved and misbranded products that cannot be legally sold to consumers in the United States.

Please direct any inquiries to FDA at [COVID-19-Task-Force-CFSAN@fda.hhs.gov](mailto:COVID-19-Task-Force-CFSAN@fda.hhs.gov).

In addition, it is unlawful under the FTC Act, 15 U.S.C. 41 et seq., to advertise that a product can prevent, treat, or cure human disease unless you possess competent and reliable scientific evidence, including, when appropriate, well-controlled human clinical studies, substantiating that the claims are true at the time they are made. For COVID-19, no such study is currently known to exist for the products identified above. Thus, any coronavirus-related prevention or treatment claims regarding such products are not supported by competent and reliable scientific evidence. You must immediately cease making all such claims. Violations of the FTC Act may result in legal action seeking a Federal District Court injunction and an order may require that you pay back money to consumers. Within 48 hours, please send an email to Richard Cleland, Assistant Director of the FTC's Division of Advertising Practices, via electronic mail at [rcleland@ftc.gov](mailto:rcleland@ftc.gov) describing the specific actions you have taken to address the FTC's concerns. If you have any questions regarding compliance with the FTC Act, please contact Mr. Cleland at 202-326-3088.

Sincerely,
